- *We have muted everyone by default so we won't be disrupted by late-comers and/or background noise.*
- *We have turned off cameras. This is a presentation and Q & A style meeting*
- *We will present all the information without stopping for questions. You are welcome to post your questions in the chat box and we will read them and address them during the Q & A section of the presentation.*
- *If for some reason we need clarity on one of the questions, we may ask you to unmute yourself and clarify the question verbally.*
- *When we are talking or sharing my screen, please write in the chat box and let me know if you can't see or hear something.*
