

1352 Matthew Spicer Rd. | Copperas Cove, TX 76522 | Call/Text: (254) 542-2600 | GYMKIX.COM

Gymnastics is an incredible opportunity for your child to grow, gain confidence, and have a ton of fun! Our Just Gymnastics program is specifically designed to provide a welcoming and supportive environment for children of all ability levels. By enrolling your child, you are giving them a pathway to achieving their goals, whether it's competing as a competitive gymnast or simply enjoying the journey as a recreational gymnast.

Our competitive gymnasts (Royals) have achieved remarkable success, winning numerous titles and participating in prestigious meets across the country. On the other hand, our recreational gymnasts have discovered their leadership skills, excelling on their cheer and dance teams at school, and some even securing scholarships for volleyball!

Your child will develop crucial life skills such as strength, coordination, and goal-setting, which will positively impact their performance in other sports and activities as well. By joining our gymnastics program, you are providing your child with a solid foundation for success in various areas of their life.

We understand that as a parent, you want the best for your child. At GymKix they will not only learn valuable skills but also experience personal growth, make lasting friendships, and create unforgettable memories. Give your child the opportunity to soar to new heights with gymnastics - it's a decision you won't regret!

Brian E Hall ★★★★★✓

"Great coaches, good scheduling. The coaches really know how to teach an entire class and still get one on one time with each kid"

Gretchen Barnes ★★★★★✓

"GymKix has provided an amazing environment for my girls! They have grown so much and have developed a competitive edge, drive and sportsmanship! I feel extremely fortunate that we are a part of the GymKix family!"

Brittany Laver ★★★★★✓

"We've been coming to Gymkix for over nine years. My children have always loved it. The staff is caring and they are dedicated to teaching new skills. A friendly environment for kids of all ages!"
